Can someone add me. Can someone add me. This DLC adds a playlist of songs to play on your bus while driving. It is worth it if you get bored with the driving and don't want to use your media player to listen ot some songs. The songs are pretty varied but they are more or less fitting into the pop-dance category. They are mostly in english with coments from the radio DJs in german.. I really like this for atmosphere but one thing is missing. A Metal station. This is Germany after all, the capital of

Power Metal. Give me a Metal station for next DLC :).. Very good pop songs, i love listening to this while driving. It's a great addition to the game. And the german language in this radio helps making me feel like i am in Germany. (I am not in Germany in real life). Go ahead and buy it if you can get it cheap.. Cheap and cheerful - not much else to say :).. **DO NOT BUY ANYTHING FROM THIS SCAMMING COMPANY !** They take your money and leave the game behind and invest the money in another moneygrabber and repeat. DEVS promised in 2016 for Forcefeedback - 2018 now and still such thing dont exist. No communication what so ever about if they are working on it or other plans. August 2017 Devs promised Editor tools for the map and said it will be available after gamescon 2017 -2018 now and still no editor.. Cheap and cheerful - not much else to say :).. Cheap and cheerful - not much else to say :).
